

TCM Forklift Parts

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of each and every global industry. Transporting industrial goods occurs each day on our industrious world. Originally innovated as industrial vehicles in the 1930s in the United States of America, forklifts gained popularity after WWII during the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machinery spread internationally.

Originally started as Toyo Carrier Manufacturing Company Limited, in 1949, the company was later renamed Toyo Umpanki Co. previous to becoming known as the TCM Corporation. Started by Mr. N. Niwa manufactured Japan's first forklift. Through the years, TCM forklifts have become a worldwide leader in lift truck manufacturing and have built a solid reputation in the business. TCM started building forklift manufacturing locations outside of Japan in the 1980s and is now engaged in forklift manufacturer at three foreign factories in China, the United States and Europe.

With over fifty years of accumulated expertise and technology, TCM has been proudly making several models of industrial lift trucks, making their models known all over the world. With a strong and energetic staff, TCM has been able to continually work towards becoming a future leading material handling company.
